Mr. Lenny van Rook will not be in Pahokee this season, he is being sent to a section of Maryland to work on for the American Mission Council of North America. According to an announcement from New York head quarters of the council, Mrs. van Rook extends thanks to all the friends in this area for their friendly assistance during the three years she was stationed in Pahokee.

Canal Point has a new restaurant located in the rear of the building formerly occupied by Lapp's Sundry store and Cafe. Outhouse is the new name of the place. The new restaurant is the idea that we should have another eating place and the cafe is the result. It is beautifully decorated and good food is being served. The soda fountain will be in operation next week.

Rardin Appreciates Complimentary Vote

Although the vote for county commissioner in Tuesday's balloting was a complimentary degree, Paul Rardin, Glades commissioner-elect, is grateful for the complimentary vote he received. Rardin was high man in five and in the sixth Lake Harbor—all members received the same number of votes—77.

The voting by precincts in the Glades for county commissioner was as follows:

EXTRA PRECAUTION THIS TIME

The American press and radio will take extra precaution this time to avoid premature announcement of Germany's defeat.

Back in 1918, the flash sent from France by Roy Howard of the United Press had Americans celebrating the armistice several days before it was signed. How he happened to slip up on that one is a long and interesting story that brings to light estimating circumstances.

Before the news is announced this time, newspapers and radio stations will double check as far as possible to make sure that Germany has surrendered. The war correspondents are doing their work with outstanding proficiency, and we believe that those at the source of news regarding Germany's defeat will be on the alert to avoid making Roy Howard's mistake.—Lakeland Ledger.

SPINACH KING

Ed Ritchie, Eagle Pass, Texas, Spinach king of the United States, is shooting for a record million dollar crop this season. His best to date, two years ago, was \$824,000 but he hopes to hit the new goal from 5,000 acres which he now is planting to the leafy green vegetable in Maverick county.

Eagle Pass is the country's biggest shipping center for spinach, cauliflower, Bermuda-type onions, tomatoes, melons and lettuce—also roll in great quantities from this isolated spot on the Rio Grande river. Since 1936, however, spinach has been the biggest crop.

Mr. Ritchie was the onion king until 24 years ago when he tried an experimental 17 acres in spinach. He says he had begunner's luck then. At any rate he has kept increasing his acreage and now has abandoned onions to other growers.

The Eagle Pass section is especially suitable to spinach. The winters are cool and moist; the spinach season is November to April. Availability of labor helps, for

there is much hand work with this crop. Mexicans come down to Maverick county after they have worked sugr beet fields in Michigan, Colorado and Nebraska. Some of them live all across the river in Mexico but Mr. Ritchie says that 85 per cent of his labor is American citizens.

All the big growers here welcome jokes about spinach. Mr. Ritchie puts it this way: "Just so long as people keep talking about spinach, it doesn't make any difference what they say. But we can't stand to be ignored." Some years ago, when Popeye began performing prodigious feats on a spinach diet, grateful Texas growers put up a statue to this comic strip character at Crystal City. It still stands there a gaily painted heroic plaster figure, as a monument to the food valued the plant.

Ninety-five per cent of the Spinach is shipped fresh from this area, although the Crystal City cannery (that city formerly was the spinach capital) does some canning, and the Eagle Pass Food Products Co. freezes the spinach. A few that canneries may spoil the appetite of the nation for spinach is expressed by D. O. Williams, sales manager for the Ritchie brothers. It's best when eaten fresh, he declares, and recommends no cooking at all. Housewives should use spinach in salads as they would lettuce, he says.—Wall Street Journal.

HURRICANE HISTORY

History will not rank the Oct. 18-19, 1944, hurricane very high on its list of "great" storms. There are about eight that rate the title of "great."

Earliest recorded took a violent hand in a bitter war in Florida between French and Spanish forces. On Sept. 10, 1565, the fleet of the Frenchman, Jean Ribault, was wrecked at the mouth of the St. John river and the Spanish leader at St. Augustine, Pedro Menendez, took advantage of the confusion to march overland and massacre the survivors.

Other famous "big winds" were at Palm Beach August, 1880; Key West-Fort Myers, 1910; Pensacola, July and October, 1914; St. Petersburg, Oct., 1921; Miami-Okechobee, Pensacola, September, 1926; West Palm Beach, September, 1928.

The highest recorded wind velocity in the United States, 128 miles an hour, occurred at Miami Sept. 18, 1926, but scientists estimate the storm in the Keys, Sept. 2, 1935, developed wind velocity close to 200 miles an hour.—Floridaian.

THE EVERGLADES NEWS, CANAL POINT, FLORIDA

had several fellows from the service. Ed Statham and his wife. He gave an interesting talk on the Chaplain's work in the Army. Also were Gordon Miller, Marvin Unwin, and Archie Harris. All made short talks.

You remember the old Douthitt station on Belle Glade road; it has been bought by Vaughn and Wright of W. P. B. Joe Taverna has closed his coffee shop and is field man for Pope-Johnson.

Prof. Bishop and his family have moved back to Pahokee to make their home, as also has Jack Spencer and his family. He bought out Elmer Jones, who is salesman for Armour & Co. now.

There are no vacant stores in Pahokee now, as we have a new dime store and the furniture store moved from Canal Point. Mr. Denton sold his store to O. S. Bacon.

We got over the storm without any great damage and farming is going along in its usual stride. We have a new subdivision with 15 new houses in it and all are rented.

Well, wishing you the best of luck,
From Another Lion,
HEINIE GRAHAM.

APPROACHING SUSAN THROUGH HUMAN AFFECTION

One of the grandest avenues of approach to our Lord is through the great avenue of human affection. A parent's love for a child, a husband's love for his wife, the tender bond of affection that binds great and enduring friendships—all these can be transformed into a channel directing us to Jesus. In fact, that very transformation is the greatest exaltation of that very love. The only when human affections are related to divine love that mankind can realize the strongest bonds of affection. Parents tried to do this. The finest parents are those who present their children before Jesus. This can be done in

its truest and finest sense by a noble presentation of the parents themselves before Jesus.

Our Bibles tell us the story about a man who brought his disobedient boy to Jesus begging, "Lord, look on my son; for he is my only child." Such a request has never been cast aside by our Lord, but do you know what Christ did first? First, He asked that man about his own faith.

Friends, that man had sense enough to come to Jesus with his only child, and Jesus was seeing to it that he had sense enough to bring his own life! Oh, that we might catch the lessons that are taught here! I'm afraid that our affections have proven a bar rather than a channel to Christ. Let's change that right away. Human affections that do not lead us to divine attainments are not affections at all; they are but momentary ties which vanish away with the unknown tomorrow.

Come Sunday morning at 11:00 o'clock to the Canal Point Baptist Church. The pastor shall speak on "Approaching Jesus Through Human Affections." A cordial welcome awaits you.

J. Sixton Lloyd, Daytona Beach, chairman of the Florida State Chamber of Commerce Advertising Committee, warns that "Florida will face unbridled competition from foreign countries, especially Mexico, which with a low rate of exchange will multiply American dollars by four, for vacationists."

THE OLD JUDGE SAYS...

"That's really a great editorial you put read to us, Judge. Where did you say it happened?"
"In 'The Stars and Stripes'... the newspaper of the U.S. Armed Forces in Europe. Kind of gives us folks back home something to think about, doesn't it, Bill?"
"It certainly does, Judge. Particularly the last paragraph. Would you mind reading that again?"
"Glad to, Bill. It says, 'We can remember

the days of prohibition, when moonshine whiskey made quick fortunes for bootleggers, crooked politicians and dishonest police officials. As a result, we claim we know what we want in the way of liquor legislation and feel that it is time to get on with it. We should wait until we return before initiating further legislation on liquor control.'"
"Out of fairness to our boys over there fighting, Judge, how could we disobey such a wish?"

LIONS LETTER

Dear Lions in the Service:

It is my duty this week to try and write a letter to you, to tell you that I am only too glad to have this privilege to do so. We think of each and every one of you and wonder just what part of the world you may be in, and that you are safe thus far, your names are read each week and though you are not there in person you are in spirit.

The attendance in the club is great, at one meeting there wasn't even room for the Tail-tweeter, Lion Hutton, to be seated at the table, so what does he do but go to the kitchen and

bring out a small table and sits there by himself, seemingly very unconcerned, but he sees all and hears all and keeps collecting fines. On Oct. 17th he held Ladies' night and all the civic organizations here were guests of honor, as was Rep. B. Elliott and Dwight L. Rogers from Ft. Lauderdale, who was the guest speaker and even though it had rained continuously all that day until almost time for the dinner there, we were about 75 present, each lady was presented with a compact with the Lions Emblem on it. There was a lot of fun and group singing.

We have a very good football team this year. They seem to play better. We have won three

games and lost two. I guess you know that Prof. Caudill, Olathe and J. L. Pope have a new son in each of their homes.

Earl Pickren has returned to duty after being home for several weeks. We held a joint meeting with the Rotary Club last week at which time Judge Robbins spoke. We were very happy to have Hub Spruener with us and he looks good; gets around very good through the use of a cane. He gave a short talk.

Well, it is getting about the time of the year for several of our citizens to go for a sojourn in the woods, several have gone to hunt ducks.

At our meeting this week we

THOUSANDS OF ARMY VEHICLES

USE SINCLAIR LUBRICANTS

In saving wear and avoiding breakdown the U. S. Army uses Sinclair lubricants in many "Jeeps", tanks and other vehicles. Your Sinclair Dealer has the same quality lubricants to reduce wear in your car.

To save engine wear, he has Sinclair Opaline Motor Oil. Opaline stands up better and lasts longer because it is not only de-waxed but also de-jellied. Play safe, have your Sinclair Dealer drain and refill your crankcase with Opaline every 1,000 miles.

OIL IS AMMUNITION—USE IT WISELY

SINCLAIR OPALINE MOTOR OIL

Belle Glade, Florida

AS WE MOVE closer to victory, it wouldn't be surprising if you were saying to yourself—"What's the big idea of asking for all this additional money now? Isn't the war almost over?"

No sir, it is not! Not by a long shot. Of course, for many months now you've heard mostly about the war with Germany, where our greatest effort is concentrated. That's why many people have the idea that the war's practically over.

But make no mistake about it—nothing could be farther from the truth! The Japanese war is a tremendous undertaking, and victory will come high. We'll have to fight every inch of the way.

Everything Costs More—In the Pacific War

The European war is expensive, but almost everything in the Pacific war will cost more. Take transport costs, for instance: Because of the longer distances, the same amount of freight costs 25 per cent more when shipped to the South Pacific than to Europe. And it takes twice as many cargo ships in the Pacific to support a task force of a given size because turn-around time is twice as great!

More Planes... Tanks... Ships... Oil
In addition, we shall need more of everything. More B-29 Superfortresses that cost \$600,000 each. More P-47 Thunderbolts that cost \$50,000 each. More M-4 Tanks, with

bulldozers, loaders, that cost \$67,417 each. More amphibious tanks—more aircraft carriers—more supply ships—more gasoline and oil than it took for the invasion of Europe!

Care for the Sick and Wounded

And lest anyone forget, we shall need more battalion aid stations—more clearing stations—more evacuation hospitals—more convalescent hospitals—more hospital ships.

For many, many years the sick, wounded, and otherwise disabled veterans will require medical attention and care. That's the least Uncle Sam can do in appreciation of what they've done for us.

Maintenance for Millions

Did you ever stop to think how much money it costs to maintain the 11 to 12 million men and women in our army and navy? Whether the men are actually fighting or not, they must be fed, housed, transported from one training center or battle area to another, cared for in a hundred and one different ways. That all costs money and will continue to until the last man demobilized is back in civilian clothes.

In addition, millions of dollars will be required for mustering-out pay, for various benefits and services voted by Congress to help the boys get started in civilian life.

These are reasons enough why patriotic Americans will want to buy heavily during the Sixth War Loan. But here is another—

Winning the Peace—for Your Country

If you're to win the peace as well as the war, the cost of living must be kept down and the purchasing power of money preserved. A reckless inflation that would necessarily be followed by the catastrophe of deflation—with its unemployment, bankruptcies, misery and heartache—must be prevented at all cost.

Let's make no mistake—a dangerous period lies ahead. The American people have nothing to fear, however, if they show in the future the same common sense they have shown in the past, and continue to put every penny over rock-bottom expenses into the purchase of more and more War Bonds.

Winning the Peace—for Yourself

Want another important reason? Yourself! There isn't a better or safer investment in the world today than War Bonds. In helping your country, you are also helping yourself! Never in our entire history has it been so necessary to save as right now. We'll need money, individually, for education, repairs, replacements, retirement—and we'll need a lot of it.

As you can see there are many reasons, important reasons, why our Government must have the financial support of everyone, and have it for many months to come.

Let all Americans do their part for their own sakes, for their country's.

Cinematic Chatter

By Malcolm Millar

The Sunday-Monday offering at the Prince Theatre takes us to Lima, Peru, which, as you know, is in South America, our neighbors, and, according to reports available, I believe it will prove very interesting show.

"The Bridge of San Luis Rey"

is the title of the picture and listed in its cast are lovely Lynn Bari, Louis Calhern, Akim Tamiroff and Nazimova.

Lynn Bari and Akim Tamiroff are said to bring some of their greatest work to the screen in this picture. Both of them portray difficult roles that only artists of their ability could properly handle.

Nazimova, always at home in heavy drama, takes this piece in

her stride and gives an unforgettable performance. I think you'll like it... because it's DIFFERENT AND NOVEL.

The Tuesday-Wednesday offering is really "a honey." It's a double-header with what I term, "a Shooter" on the bill.

This one is "Make Your Own Bed," with Jack Carson, Jane Wyman, Irene Manning, Alan Hale, and Faye Emerson.

According to the story a young couple residing in the country are unable to obtain servants due to the war and attendant manpower shortage, with most servants having been taken in defense plants. They decide to solve the problem by employing a couple of house detectives to pose as butler and maid to solve a fabricated crime. Carson and Wyman play the detectives, and miss some love letters of their mistress and discover she is in a serious predicament from which they extricate her.

On this same bill John Carradine, C. Moxon, Larry Parks, Jeanne Bates and Johnathan Hale offer a story of the underground titled "The Black Panther."

With this double feature comes an interesting short subject under the title "Fortress Japan," which is very timely and should prove of more than passing interest to all persons interested in our present and future campaign in the sector of the world's war map.

Thursday-Friday also claims an animated double feature program. Starting off with "Gambler's Choice," which stars and features Chester Morris, Nancy Kelly and Russell Hayden.

The evening is culminated by the second show which is "Hot Rhythms," and it stars and features Don Drake, Robert Lowery, Jerry Cooper and Harry Langdon.

The feature is crammed with plenty of hot and sweet music. There is an abundance of comedy, some thrilling moments and a tender romance.

On this same program comes another "This Is America," subject, which is always interesting to the studiously inclined members of our clientele.

Saturday brings "Man From Under River," with "Wild" Bill Elliott and George "Gaby" Hayes as the principal stars and, as you know, it will be a picture with all the action and thrills any mem-

ber of the Six Shooters Club could wish for.

Singing off, let me remind you, the Sixth War Loan Drive is right here at your door. We are asked to contribute more in this drive than in any previous one. It is your duty as an American to purchase a bond for Christmas gifts. Our boys are rolling swiftly toward Berlin and Tokyo and we can keep the wheels greased with those War Bonds!

See you at the movies... Mal.

BAPTIST CHURCH NOTES

The second of the series of sermons on the Holy Spirit, based upon the second chapter of 2 Thessa, will be preached Sunday morning by the pastor, Rev. C. A. Moberg, First Baptist Church of Pahokee. Who is the man of Sin? Is he on the earth? Who is He that leteth? Is society headed for a dictatorship? Will we see more government-control? These, and other questions will be answered at the eleven o'clock service. Mrs. Moberg will sing "The Last Mile of the Way," accompanied by her husband. The class quartette will also sing. The Sunday School convenes at 9:45.

The long-awaited and prayed for goal of an average attendance of 200 has been achieved. This over a period of the last, eight Sundays. Mr. Othan Gilbert is the Superintendent, with Mr. F. G. Gillis serving as Secretary. At the evening hour of eight, the pastor will preach on "The Great Supper." The orchestra and chorus choir will augment the song service, directed by J. Cowart. The Training Unit, Mr. W. V. Hult Assistant Director, has also gained a local victory, that of 75 in attendance. This group with classes for all ages meets at seven o'clock.

The first of the letters in response to the ones recently sent of "Our Boys" was received from Lt. Kenneth C. Mock, and will be read in connection with the morning's "service men meditation." The Wednesday night Bible Study program conducted by the pastor is meeting with much favor as indicated by the goodly number attending, with their Bibles. This morning, the last half of the 12th chapter of Revelation will be discussed, with special emphasis on the 18th verse, "Here is wisdom. Let him that hath un-

derstanding count the number of the beast; for it is the number of a man; and his number is six hundred three score and six (666)." Sponsors for this meeting are Mrs. Homer Barnes, Mrs. L. C. Alderman and Mrs. W. A. Keen.

Kitchen Fats Are Still Needed

JACKSONVILLE, Fla., (FNS)—State Salvage Director Campbell has appealed to the press of Florida for all possible cooperation in bringing to the attention of housewives the critical situation with regard to the need for continued saving of waste kitchen fats.

National stocks are lower than ever before and these fats are

needed for immediate use in the manufacture of high explosives. Mr. Campbell points out that the housewife who saves and turns in her waste kitchen fat is contributing directly to the war effort and that such action will help shorten the war. Local Defense Councils will gladly advise where fats should be turned in. Most local grocers accept it and are authorized to pay 4 ration points for each pound brought in.

Sadie! This Dog Patch holiday started several years ago when poor Sadie couldn't get her man. On Saturday, "all members of the fairer sex who have been unable to convince the men of their charm and beauty will have the opportunity to do so in the BIG RACE that starts at 10:00. All young people are asked to meet at the church at 9:30 and bring

a covered dish with them. Transportation will be furnished to the Port of Mayaca Dogpatch. Boys, if you see the girls taking several laps around the football field you had better get alarmed—they might be seeking your lap! No kidding—we girls are getting warmed up for the big race and believe me we're gonna ketch our man!

JAX BEER PAYS TRIBUTE TO A GREAT BREWMASTER

Say JAX!
you can't buy
better beer
at any price!

WHENEVER you find a fine beer like JAX, you can be sure that it is the product of quality ingredients blended and brewed by the skilled hand of a master brewer.

The JAX Brewing Company has been fortunate in having three skilled brewmasters, one of whom is now in the Armed Services. Two of them alone combine more than 97 years of continuous brewing experience.

Today we proudly pay a deserved tribute to John Haskamp, ace brewmaster, who has just completed his 50th year as a brewer and who is beginning his 31st year with this company. Mr. Haskamp has had charge of the brewing of JAX for many years, having succeeded William Ostrander, now president of the company, as brewmaster. His able assistant is J. T. Mahoney.

To Mr. Haskamp's great skill, long experience and deep knowledge of the brewing art you owe the uniform excellence of flavor, body, color and aroma that make JAX-Beer so good, so satisfying that we proudly say: "You can't buy better beer at any price."

Hurricanes High Water And Frosts

HAVE NEVER WHIPPED GLADES FARMERS

And, we don't expect them to slow down the farming deal this time. Already the growers are back in the fields planting another crop. It will be only a matter of a few weeks until another crop will be brought to maturity. With harvest of a new crop all thoughts of the recent hurricane will be obliterated. That's the way Glades growers do business.

MEN'S BIBLE CLASS OF PAHOKEE BAPTIST CHURCH

A most cordial invitation is extended to all UNATTACHED men to attend The Men's Fellowship Bible Class, which meets each Sunday morning in the Lions Club building at 9:45. A special invitation is directed to the service men. The Class Quartet consisting of Messrs. Woods, Spooner, Cowart and Butler, with G. Sanders at the piano, will present two numbers. The class is indeed fortunate in having in its membership this popular musical group, which is in much demand. The teacher, Rev. C. A. Moberg, pastor of the First Baptist Church of Pahokee, under which organization the class functions, will present this week's lesson, "Patriotism." Are government heads ministers of God? Who is Caesar? What should be rendered to Caesar, and what to God? The class now enjoys an average attendance of over 50. The pictures, large and small, recently taken, will be ready for further distribution Sunday morning.

Writing in "Outdoor Life," Arthur Gramham fears that the invasion of woods and streams by 22,000,000 sportsmen after the war may annihilate the nation's fish and game. He urges legislation for its protection.

ATTENTION YOUNG PEOPLE

The Methodist Youth Fellowship of the Canal Point Methodist church will have a week of special service beginning Nov. 13, with the closing message on Sunday, Nov. 19. All young people are invited. The time is 7:30 each night.

NEW BANK SERVICE

J. LeRoy, president of the Florida National Bank of Jacksonville, was honored by the American Bankers Association by appointment on a national committee to work out plans for the provision of adequate banking service for returning service men.

GUARANTEES PAYMENT

O. C. Beakes, attorney for Flamingo Truck Lines, Inc., told the Florida Railroad Commission that directors of the firm personally will guarantee payment of \$86,357 in overdue payments about which shippers have complained.
